KEMPEGOWDA TOWER, BANGALORE

(*Motif on the cover*)

The illustration on the cover page represents one of the four *mantapas* popularly known as the “ Kempegowda towers”, found at four cardinal points in Bangalore City. They are found at the upper palace orchards overlooking Riffle Butts in the north ; over a rock in the Ulsoor lake in the east ; on the rock to the east of Lalbagh Glass house on the south and at the northern end of the Kempambhudi tank bund near Gavipur on the west. These towers were built in the early 16th century by Kempegowda, the founder of Bangalore City, perhaps to serve as watch towers in those days of frequent warfare. However, the popular belief is that the founder of Bangalore, who foresaw the great future of the new township, had these towers built to indicate the limits to which the city would expand in course of time. If so, his expectations have been more than fulfilled.

Kempegowda was the most distinguished ruler among *Awati-nad* chiefs of Yelahanka. He ruled over the present Bangalore territory for nearly 48 years from 1514 A.D. Once, while making a tour of *Yelahanka-nad*, it is said he came to a village called Sivanasamudram, 10 miles south of Yelahanka and found the village most favourable for the erection of a fort and obtained permission from Achuta Raya of Vijayanagar to establish his capital there. He built a mud fort in 1537 A.D. and shifted his capital to the place naming it as Bengaluru. As a reward for his zeal and activity, the Vijayanagara king Achutha Raya granted him 12 *hoblies* around Bangalore. These towers in the four corners of Bangalore City besides the temples of Gavi Gangadhareswara and Basavanna are standing monuments to the memory of this illustrious ruler—the founder of modern Bangalore.

PREFACE

It has been the tradition of the Census of India to present demographic data in as detailed a manner as possible so as to serve effectively the needs of Census data users. It has also been tradition to publish special volumes which incorporate both demographic and non-census data which are considered to be of great utility. In accordance with this practice taluk and village tables used to be published which were replaced in the 1951 Census, by the District Census Handbook series. These Handbooks replaced Part IV—Taluk Tables and Part V—Village Tables of the earlier censuses and presented a large number of tables of a economic, demographic and social significance for taluks and urban areas. The 1961 District Census Handbooks were improved by extending the coverage and administrative statistics were also presented for each district for the preceding decade. The 1971 Census continues, as part of its Tabulation Plan, the District Census Handbook series.

The District Census Handbook is presented in three parts for each district. Part A incorporates the Town and Village Directories. Part B incorporates the Primary Census Abstracts and includes data, in the case of rural areas, at the village level and in the case of urban areas at the block level. Part C incorporates other Census Tables and administrative statistics. In the case of most of the districts Parts A and B have been published together in one volume but in the case of Bangalore district Parts A and B have been published as separate volumes for convenience. Part C, as in the case of all other districts, is by itself a separate volume.

Explanatory Notes have been incorporated explaining the scope and content of the various statements, column headings, etc.

The District and Taluk Maps presented in this volume have been prepared in this office on the basis of maps obtained from the Director of Survey, Settlement and Land Records, Government of Mysore. In the District map, to avoid crowding, instead of mentioning the names of villages where community facilities exist mere Location Code numbers have been indicated. Similarly in the taluk maps, villages have been indicated by their Location Code numbers. For the names of villages one would have to refer to the alphabetical list of villages of the taluk concerned.

In the preparation of Part A of the District Census Handbook we have had the ready and full co-operation of all the Departments of the State Government. Our whole-hearted thanks are tendered to them gratefully.

In the preparation of this volume we have had the benefit of the guidance and advice of Sri A. Chandra Sekhar I.A.S., Registrar General and Census Commissioner for India. We have also been considerably assisted by the willing co-operation of Sri K. D. Ballal, I.A.S., Deputy Registrar General, Dr. B. K. Roy Burman, Deputy Registrar General (Social Studies) and Sri K. K. Chakravorty, Central Tabulation Officer. We are deeply indebted to them for all the assistance rendered.

The District Census Handbook Part A presented in this volume is among the first few the 1971 census publications. Its early preparation has laid a heavy burden on all the officers and staff of this office. To each one of them I am deeply obliged. The Director of Printing and Stationery of the Government of Mysore has ensured printing in time and to him I offer our thanks. This is a State Government Publication and the interest evinced by the State Government has encouraged us for which our thanks are tendered.

TOWN DIRECTORY

TOWN DIRECTORY

EXPLANATORY NOTES

The Town Directory consists of seven Statements the titles of which are as follows :—

- Statement I Status, Growth History and Functional Category of Towns.
- Statement II Physical Aspects and Location of Towns, 1969.
- Statement III Municipal Finance, 1968-69.
- Statement IV Civic and Other Amenities, 1969-70.
- Statement V Medical, Educational, Recreational and Cultural Facilities in Towns, 1969-70.
- Statement VI Trade, Commerce, Industry and Banking, 1969-70.
- Statement VII Population by Religion and Scheduled Castes and Scheduled Tribes, 1971.

Statements I and VII have been compiled in this office, and Statements II to VI by obtaining the data from the Local Bodies having administrative control over the towns. The scope of the data and the meaning of the abbreviations used in each Statement are explained herein.

The concept of urban agglomeration has been adopted for presenting certain basic results of the 1971 Census. Smaller towns that are contiguous to a city of a major town and come within its urban influence are grouped together to constitute such agglomerations. In Mysore, five such agglomerations (*viz.*, those named after *Bangalore, Mangalore, Belgaum, Bhadravathi* and *Kolar Gold Fields*) have been recognised. In the Town Directory statements also, information relating to the Agglomeration and its constituent units has been presented at one place in bold print so that the serial order in which the Towns in a District are arranged does not get interrupted. Thus the names of the units which constitute the Agglomeration appear twice in each statement even though the particulars are provided at one place only.

STATEMENT I : *Status, Growth History and Functional Category of Towns.*

COLUMN 3 : LOCATION CODE No. :—Location Code assigned to the town in the 1971 Census consists of two elements an arabic numeral and one roman numeral separated by an oblique. The arabic numeral indicates the order of the District within the State when arranged in alphabetical order. Similarly the roman numeral indicates the order of the town within the District when arranged alphabetically.

COLUMN 4 : NAME OF TALUK :—Name of the taluk in which the particular town is situated is given here.

COLUMN 5 : CIVIC ADMINISTRATION STATUS 1970 :
The following abbreviations are used to indicate the civic administration status :—

- | | | | |
|--|----|-----|-------------------|
| (1) Municipal Corporation | .. | C | |
| (2) Municipality | .. | M | |
| (3) Town Committee/Town Area Committee/Council | .. | TC | |
| (4) Cantonment Board | .. | CB | |
| (5) Town Panchayat | .. | TP | |
| (6) Village Panchayat Committee | .. | P | |
| (7) Sanitary Board | .. | SB | |
| (8) Notified Area Committee/Council | | NAC | |
| (9) Others such as Town Board, Industrial Township, Project Areas not administered by any Civic Authority. | | | Indicated in full |

COLUMNS 6 TO 13 : POPULATION OF THE TOWN AT THE CENSUSES OF 1901 TO 1971 :—Population figures for the towns since 1901 indicate their growth from Census to Census. Such figures have not, however, been furnished for the previous Censuses in respect of towns treated as towns for the first time in 1971 Census since they were rural areas formerly. The 1971 Census population figures are furnished in Column 13.

COLUMNS 14 AND 15: FUNCTIONAL CATEGORY 1961 CENSUS AND 1971 CENSUS:—In 1961 Census the workers were classified into nine industrial categories according to their activity, as follows:—

- I Cultivator ;
- II Agricultural labourer ;
- III Mining, quarrying, live-stock, forestry, fishing, hunting, plantations, orchards and allied activities ;
- IV Household industry ;
- V Manufacture—other than household industry ;
- VI Construction ;
- VII Trade and commerce ;
- VIII Transport, storage and communications ; and
- IX Other services.

The 1971 Census classification of workers remains basically the same but for the following deviations:—

(i) Category III of the 1961 classification has been split into two by recognising 'mining and quarrying' as an independent category and it now bears Category Number IV.

(ii) As a consequence of (i) above, the IV category of 1961 has been grouped with category V and particulars of workers engaged in 'manufacturing, processing, servicing and repairs activities' have been presented under two sub-headings, viz.,

- V (a) Household Industry, and
- (b) Other than Household Industry.

In order to determine the functional category of towns, these nine industrial categories are combined and re-grouped to yield five broad classifications by economic activity as under:—

<i>Economic activity</i>	<i>Industrial category number as per</i>	
	<i>1961 Census</i>	<i>1971 Census</i>
(1) Primary activities ..	I, II & III	I, II, III & IV
(2) Industry ..	IV, V & VI	V(a), V(b) & VI
(3) Trade and Commerce	VII	VII
(4) Transport ..	VIII	VIII
(5) Services ..	IX	IX

Then, for each town the percentage of workers under each of these five classes of economic activities to the total number of workers is calculated. If the percentage under any of these five activities equals or exceeds 40, such a town is regarded as *monofunctional* and that activity is specified in column (14 or 15). If the percentages are less than 40 in each and if the figures against any two add up to 60 or more, then such a town is regarded as *bifunctional* and the two predominant activities are specified under column 14 or 15. In case, the percentages of any two of the activities do not add up to 60 per cent such a town is regarded as *multifunctional* and in such a case, three of the predominant activities are specified under column 14 or 15.

STATEMENT II: *Physical Aspects and Location of Towns, 1969.*

COLUMN 3: ALTITUDE:—Altitude is given in metres above Mean Sea Level. The asterisk mark indicates that the data have been furnished by the Director-General of Observatories. In all other cases, information as furnished by the Director, Southern Circle, Survey of India, has been adopted.

COLUMN 4: ANNUAL RAINFALL (in milimetres):—An asterisk mark placed at the top of the data, indicate that the data have been furnished by the Director General of Observatories and also that it is 30 years (1931-60) standard normal. In other cases, the figure represents the average rainfall over the period 1960-69 (yearwise data obtained from the Bureau of Economics and Statistics, Mysore).

COLUMNS 5 AND 6: MAXIMUM AND MINIMUM TEMPERATURE (in Degree Centigrade):—The asterisk mark indicates that the data have been furnished by the Director General of Observatories and also that it is 30 years standard normal (1931-1960).

Since specific information is not available for most of the towns, corresponding data available for the nearest town situated at approximately the same altitude, have been adopted. Such entries are distinguished by the notation 'N' (nearest).

NOTE:—In columns 3 to 6 when data in respect of the particular town are not available, corresponding data for the nearest town are given, and in such cases the symbol 'N' (nearest) has been used.

COLUMNS 7 TO 14 : NAME OF, AND ROAD DISTANCE TO, IMPORTANT CENTRES :—Column headings are self explanatory. Distances are given in kilometres. If the referent town itself happens to be the headquarters of district, or sub-division, taluk, etc., then the distance is noted as 0 in the relevant column. In column 12 when one or more bus routes pass through the town, the name of the town is repeated and distance is indicated as 0. In column 13, the abbreviations R and C stand for River and Canal respectively.

STATEMENT III : *Municipal Finance, 1968-69.*

Actual receipt and expenditure of the civic administrative body are furnished.

In the case of industrial townships and the like where civic amenities are the responsibility of the factory authorities themselves, the relevant particulars have been obtained from these authorities. Generally, as no taxes are levied by the factory authorities, receipts are mainly by way of house rent (if provided by the authority) and, water and electricity charges recovered from the occupants of the residential quarters. Under expenditure, the amount spent on social overheads are shown.

City Improvement Trust Boards have been functioning only in the cities of Bangalore and Mysore. In Mandya during 1968-69, the Sugar Factory was responsible for providing amenities to the residents in Mandya Sugar Town, now included within the municipal limits of Mandya. In these cases, the receipt and expenditure are furnished separately for the two agencies.

STATEMENT IV : *Civic and Other Amenities, 1969-70.*

COLUMN 3 : ROAD LENGTH :—Total length of all types of roads (i.e., Cement, asphalt, metalled, mud, etc.) including the length of National and State Highways lying within the town limits is given in kilometres. Wherever information is available separately for *pucca* roads and *katcha* roads this has been noted in this column.

COLUMN 4 : SYSTEM OF SEWERAGE/DRAINAGE :—The codes used for this column are :—

- | | |
|---|-----|
| (i) Sewers (either combined or separate) .. | S |
| (ii) Open Surface Drains .. | OSD |
| (iii) Box Drains .. | BSD |
| (iv) Syll pattern Drains .. | SD |

Even when only a portion of the town is served by any particular type of sewerage or drainage, the relevant code or codes have been entered under this column.

COLUMN 5 : WATER-BORNE LATRINES :—Total number of flush-out latrines in the town (both private and public) has been indicated in this column. It is only in a few towns that such latrines are connected to sewers.

COLUMN 6 : SERVICE LATRINES :—Total number of service (also called daily cleaned or DC for short) latrines, both private and public, in the town is entered under this column.

COLUMN 7 : OTHER TYPES OF LATRINES :—Total number of other types of latrines, if any, in the town is furnished here.

COLUMN 8 : METHOD OF DISPOSAL OF NIGHT-SOIL :—The manner in which the night-soil is collected and transported to the trenching grounds is indicated under this column using the following abbreviations :—

- | | | |
|---|----|--|
| (1) Headloads .. | HL | |
| (2) Baskets .. | B | |
| (3) Wheel Barrows .. | WB | |
| (4) Hand Carts .. | HC | |
| (5) Others such as bullock carts, trucks, nightsoil tankers, tempos, etc. } | | Specified with-
out using
abbreviations. |

For flush-out latrines which are connected to sewers 'S' is the abbreviation used. If such latrines are connected to septic tanks 'ST' is used.

COLUMNS 9 AND 10 : PROTECTED WATER SUPPLY: SOURCE AND CAPACITY :—In column 9 source of protected water supply is indicated using the following codes :—

- | | |
|-------------------|-----|
| (1) River .. | R |
| (2) Tank/Lake .. | TK |
| (3) Tube Well .. | TW |
| (4) Bore Well .. | BW |
| (5) Canal .. | C |
| (6) Reservoir .. | RES |
| (7) Open Wells .. | W |

In column 9, in respect of towns not having protected water supply a dash is used.

The quantity of water supply led out from the Storage Tank to the consumers per day is given in litres in column 10. By "Protected water supply" is meant supply of water through taps irrespective of whether the water so supplied has been filtered and chlorinated or not.

COLUMN 11 : FIRE-FIGHTING SERVICE :—Whether fire-fighting services exist or not within the limits of the town has been indicated by 'Yes' or 'No' as appropriate.

COLUMNS 12 TO 16 : ELECTRIFICATION :—Under these columns, data regarding number of electrical connections (installations) are furnished. Information relates to the period 1969-70 generally. The data obtained from the Municipal authorities were got cross checked with those obtained from the Mysore State Electricity Board.

Definitions of the column headings are as follows :—

(i) *Domestic* :—Connections to residential buildings, schools, temples, non-commercial hostel buildings and hospitals for lighting, heating and cooking are classified as domestic connections. All-electric-homes are also included under this category.

(ii) *Commercial* :—Connections to commercial establishments such as wholesale and retail shops, hotels, restaurants, tea stalls, cinema theatres, offices, private nursing homes, shops run by medical practitioners, commercial hostels and such other premises which are used either partly or wholly for commercial purposes are classified as commercial connections.

(iii) *Industrial* :—Such connections (either high tension or low tension) include supply of power to industrial establishments where processes of manufacturing, servicing or repairs are carried on with the use of power. Apart from factories, smaller establishments such as flour mills, hullers, coffee grinders, etc., also come within the purview of this category.

(iv) *Road Lighting* :—The actual number of street lights in the town has been furnished.

(v) *Others* :—Connections to pumpsets, water-works, temporary connections, etc., are furnished under this column wherever information was readily available. Data under this column are not uniform and hence cannot be compared.

STATEMENT V : Medical, Educational, Recreational and Cultural Facilities in Towns, 1969-70.

COLUMN 3 : HOSPITALS, DISPENSARIES, T.B. CLINICS, HEALTH CENTRES, NURSING HOMES :—Particulars regarding the different types of medical institutions functioning in the town are indicated by the following codes :—

(i) Hospital (equipped with facilities for the treatment of in-patients) .. H

(ii) Dispensary .. D
(iii) Health Centre (under this category the Government of India Pattern Primary Health Centres are also included) HC
(iv) T.B. Clinic (if being run as an independent unit) .. TBC
(v) Family Planning Centres .. FC
(vi) Leprosy Centre or Clinic .. LC
(vii) Others, such as private nursing homes and clinics run by registered medical practitioners .. O

Wherever Family Planning Centres (FC) and Maternity Wards (MW) are attached to Hospitals or Primary Health Centres, this has been indicated within brackets using the codes FC or MW as the case may be. Under (i) to (vi) above, only the institutions run by Government, local bodies or religious and social institutions have been included. Full data on such facilities offered by private agencies are not readily available.

COLUMN 4 : BEDS :—Number of beds provided for in-patients in the medical institutions mentioned under column 3 is noted here.

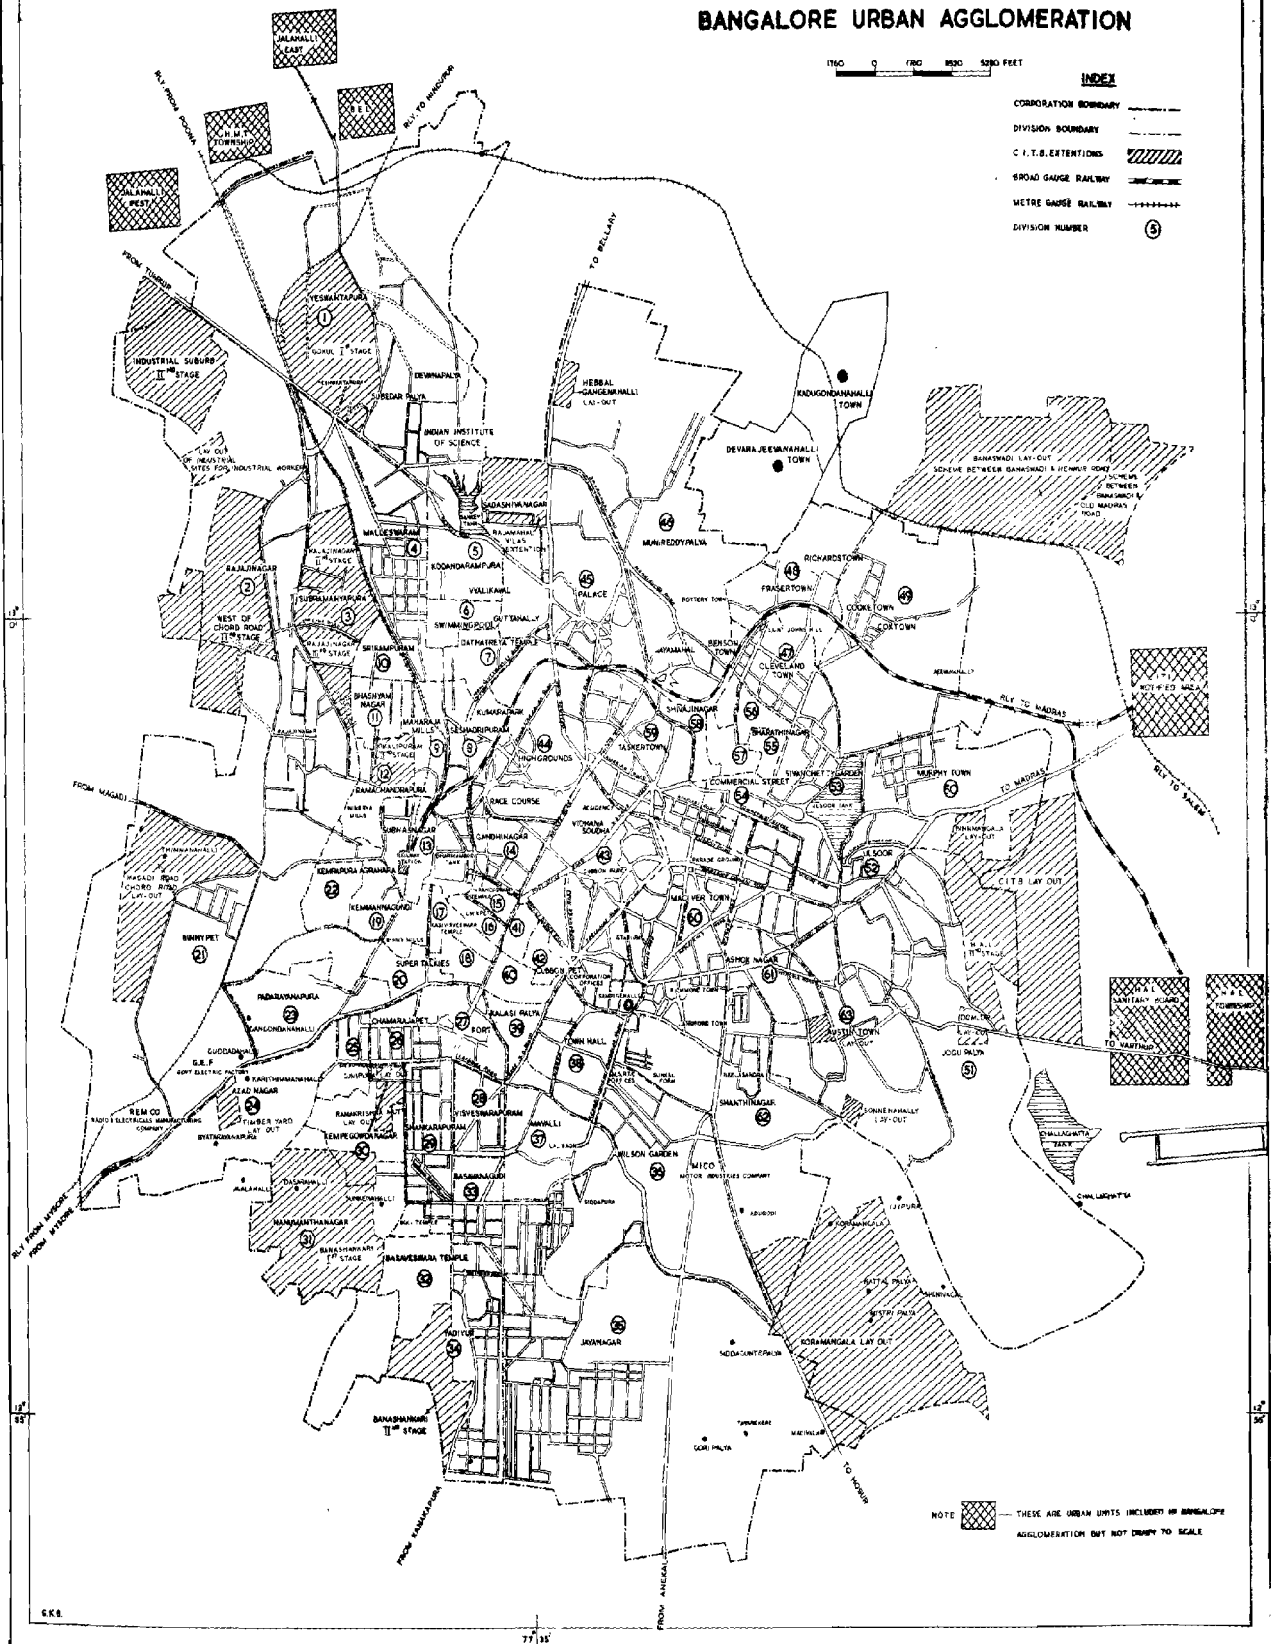

COLUMN 5 : COLLEGES : ARTS, SCIENCE, COMMERCE, ETC. :—The number of colleges in the town providing general education in different faculties has been indicated under this column using the following abbreviations :—

(i) Arts only .. A
(ii) Science only .. S
(iii) Commerce only .. C
(iv) Arts and Science .. AS
(v) Arts and Commerce .. AC
(vi) Science and Commerce .. SC
(vii) Arts, Science and Commerce .. ASC
(viii) Law .. L
(ix) College of Education .. Ed.
(x) Agricultural .. Ag.
(xi) Home Science .. HS
(xii) College for Oriental Degrees (Sanskrit, etc.) .. OS
(xiii) Teachers Certificate Course .. TCH

Since no special provision has been made for certain professional subjects such as law, education, etc., in the format, these have been included under column 5.

COLUMN 6 : MEDICAL COLLEGES :—Colleges providing education in Allopathic, Ayurvedic, Unani and Homeopathic systems of medicine have been indicated separately using the abbreviations 'Al' for Allopathic, 'Ay' for Ayurvedic, 'Un' for Unani and 'Ho' for Homeopathy. For Dental College the abbreviation 'D' has been used.

BANGALORE URBAN AGGLOMERATION

COLUMNS 7 AND 8 : ENGINEERING COLLEGES AND POLYTECHNICS :—These are self explanatory.

COLUMN 9 : RECOGNISED SHORTHAND, TYPEWRITING AND OTHER VOCATIONAL TRAINING INSTITUTES :—

Abbreviations used in this column are as follows :—

- | | | |
|---|----|----------|
| (i) Shorthand Institute | .. | Sh. |
| (ii) Typewriting Institute | .. | Type |
| (iii) Both Shorthand and Typewriting | .. | Sh. Type |
| (iv) Artisan Training Centre/Institute | .. | ATI |
| (v) Occupational Training Institute | .. | OTI |
| (vi) Industrial Training Institute | .. | ITI |
| (vii) Tailoring Training Centre | .. | TT |
| (viii) Gramodyog Training Centre | .. | GT |
| (ix) Technical Training Centre | .. | TTC |
| (x) Others ; specified in the Statement separately. | | |

COLUMNS 10 TO 12 :—HIGHER SECONDARY OR SECONDARY, JUNIOR SECONDARY OR MIDDLE AND PRIMARY SCHOOLS :—Schools providing Primary and secondary education have been classified according to the system of categorisation adopted by the Director of Public Instructions in Mysore, Bangalore.

(i) High Schools and Higher Secondary Schools are those where education is provided from Standard VIII and upwards upto Standard X or XI. These include composite schools which provide education from Standard I or Standard V upto Standard X or XI. Such composite schools have been treated as single units and their number indicated under column 10.

(ii) Junior Secondary or Middle Schools are those which provide education from Standard I to VII or V to VII.

(iii) Primary Schools are those where education is provided upto Standard IV.

(Under columns 10 to 12, Urdu, Tamil and Marathi medium schools, if any, in the town are also included).

COLUMN 13 : OTHER EDUCATIONAL FACILITIES :—Others include nursery schools and Sanskrit and Arabic Schools which provide religious education, etc., and which are not classified as schools or colleges.

COLUMN 14 : STADIA :—The number of stadia, if any, built according to modern standards has been shown under this column. Ordinary play grounds attached to educational institutions, voluntary organisations, etc., and also 'parks' do not come within the purview of this column.

COLUMN 15 : CINEMAS :—Touring Talkies of temporary nature are excluded and only the number of permanent cinema theatres is given under this column.

COLUMN 16 : AUDITORIA/DRAMA HALLS :—Number of auditoria and drama halls in the town is furnished.

COLUMN 17 : PUBLIC LIBRARIES INCLUDING READING ROOMS :—Information about public libraries and reading rooms has been furnished clubbing the two, except in a few cases where data are separately available. 'PL' and 'RR' are the abbreviations used to denote Public Library and Reading Room respectively.

STATEMENT VI : Trade, Commerce, Industry and Banking, 1969-70.

COLUMNS 3 TO 5 : IMPORTS :—Names of three most important commodities imported into the town either for local consumption or for export in the same or modified form, have been indicated here.

COLUMNS 6 TO 8 : EXPORTS :—Names of three most important commodities exported, based on the estimated value or volume of transactions, have been indicated here.

COLUMNS 9 TO 11 : MANUFACTURE :—Names of three important commodities manufactured in the town based on volume or value of commodities produced have been indicated. Wherever relevant, names of articles manufactured in the town and known for their uniqueness have been included even though the volume or value of such products may not be appreciable or important from the point of view of scale of operations.

COLUMN 12 : NUMBER OF BANKS :—Banks include both commercial and co-operative banks and for computing the numbers, each branch has been treated as a unit.

COLUMN 13 : NUMBER OF AGRICULTURAL CREDIT SOCIETIES :—Self explanatory.

COLUMN 14 : NUMBER OF NON-AGRICULTURAL CREDIT SOCIETIES :—Non-agricultural credit societies include Industrial Co-operatives, House Building Co-operatives, Consumers' Co-operatives, Employees' Co-operatives, Fishermen Co-operatives and the like which provide credit for non-agricultural purposes.

COLUMN 15 : REMARKS :—Remarks, if any, are given in this column.

STATEMENT VII : Population by Religion and Scheduled Castes/Scheduled Tribes, 1971.

This shows the distribution of population by religion and the numerical strength of Scheduled Castes and Scheduled Tribes.

*Excluding particulars relating to Bangalore City.

†Arrangements for cleaning latrines are made privately by landlords only. Municipality does not provide scavenger services. Night-soil is carried in baskets once in four days and dumped in place far away from the town.

*Water supply position is very inadequate at present. Water is being supplied on alternate days only, especially during the summer months and dry months, i.e. about 9 or 10 months a year. Capacity of the reservoir tank is 50,000 gallons, but it rarely gets filled up.

@Includes the City Corporation area and the area under administrative control of the City Improvement Trust Board.

VILLAGE DIRECTORY

VILLAGE DIRECTORY

EXPLANATORY NOTES

The Village Directory consists of eighteen columns and provides villagewise information about the amenities and land use pattern in the villages. In the case of *Becharak* (un-inhabited) villages, information is furnished only regarding land use (Cols. 3 and 11 to 15). Data presented in columns 1 to 18 have been obtained mainly from the Tahsildars and Deputy Commissioners. Towards the end of 1969, blank forms (with Kannada version of column headings) and copies of instructions printed in Kannada (explaining the manner in which each column should be filled) were mailed to the Tahsildars who, in turn, distributed these forms to their Revenue Inspectors and collected the information.

The completed forms received back in this Directorate were scrutinised and omissions and mistakes observed were rectified, either by field visits to districts or through correspondence or both. The scope of each column heading and abbreviations used are given below :—

COLUMN 1 : LOCATION CODE :—With a view to ensuring that every village, inhabited or un-inhabited in the Taluk is taken into account for purposes of Census Operations, location code numbers are assigned to each of the villages in a particular order. This number is noted under this column.

COLUMN 2 : NAME OF THE VILLAGE :—In this column, the name of the *asli* (Main) village is given. An *asli* village may have some hamlets associated with it. The information in columns 3 to 18, therefore, is for the *asli* village and for the hamlets, if any, together. However, the names of hamlets with a population of 500 and over are mentioned below the name of the *asli* village with details, in columns 4 to 9, of amenities located in these hamlets.

In some cases, large parts of the original village are now included in municipal areas, leaving a small portion out of municipal jurisdiction. The latter is considered 'Rural' and classified as a village. To render the position clear the word Rural is mentioned in brackets against such places.

COLUMN 3 : TOTAL AREA OF THE VILLAGE :—The total geographical area of the village has been furnished in acres.

COLUMNS 4 TO 9 : Amenities available within the Village.

COLUMN 4 : EDUCATIONAL :—Codes used to indicate the availability of educational facilities within the village are :

- (i) For schools providing education from Standard I to IV. These are generally called Lower Primary Schools .. Pr.S.
- (ii) For schools providing education either from Standard I to VII or from Standard V to VII .. Mid.S.
- (iii) For schools providing education either from Standard I to X or V to X or VIII to X. (This includes Higher Secondary Schools, i.e., XI Standard also) .. Sec.S.
- (iv) All Colleges including vocational colleges .. C.

NOTE : Where more than one such institution exists, the number is noted within brackets.

COLUMN 5 : MEDICAL : Medical facilities available within the village have been indicated by the following codes :

- (i) Hospital equipped with beds for in-patients .. H
- (ii) Dispensary .. D
- (iii) Health Centre including Government of India Pattern Primary Health Centre .. HC
- (iv) Health Unit of Old Mysore Type .. HU
- (v) Family Planning Centre .. FC
- (vi) Subsidised Medical Practitioner .. SMP
- (vii) Maternity and Child Welfare Centre .. MCW

COLUMN 6 : POWER SUPPLY :—'E' is noted in this column if electricity is supplied to the village either for industrial (or agricultural) purposes or lighting or both.

COLUMN 7 : DRINKING WATER :—The codes used to indicate the sources of drinking water in the village are :

(i) Taps	..	T
(ii) Wells	..	W
(iii) Tanks	..	TK
(iv) Tube Wells	..	TW
(v) Rivers	..	R
(vi) Canals	..	C
(vii) Fountains	..	F
(viii) Hand Pumps	..	HP
(ix) Other sources such as ponds, streams, etc.	..	O

COLUMN 8 : COMMUNICATIONS :—The following codes are used :

(i) <i>Pucca</i> Road, i.e., the road surface may be cement, asphalt, metal or water bound macadam	..	PR
(ii) <i>Katcha</i> Road, i.e., roads with natural soil, including cart-tracks	..	KR
(iii) Railway Station	..	T
(iv) Navigable River	..	R
(v) Navigable Canal	..	C

In case a village is served by *Pucca* Roads as also by *Katcha* Roads, the latter have not been taken into consideration for purposes of this column.

A village is assumed to be served by any of these communication facilities if such facilities are available within one mile of the village.

COLUMN 9 : POSTAL AND TELEGRAPH :—Postal and Telegraph facilities available within the limits of the village have been indicated by the following codes :—

(i) Post Office. This may be a branch or sub-office or may even be the office of the extra departmental delivery agency	..	PO
---	----	----

(ii) Telegraph Office	..	TO
(iii) Post and Telegraph facilities	..	PTO
(iv) Telephone connection (apart from public call office, if any, the connections given to private parties have also been considered)	..	Phone

COLUMN 10 : STAPLE FOOD :—Staple food (i.e., staple cereals) of the major portion of the population of the village has been indicated here.

COLUMNS 11 TO 15 : Land Use :—This information is based on annual village records for 1968-69 generally.

COLUMN 11 : FOREST :—All lands actually classified as forest or administered as forests under any legal enactment dealing with forests, whether State-owned or Private, have been shown under this column. Wherever forest lands have been assigned for cultivation, the corresponding areas have been excluded from forest area and included under cultivated land.

COLUMN 12 : IRRIGATED :—The net area irrigated from both private and public sources of water supply is indicated using the following abbreviations :

(i) Canal	..	C
(ii) Well (with or without electricity)	..	W
(iii) Tube well (with or without electricity)	..	TW
(iv) Tank	..	TK
(v) River	..	R
(vi) Water fall	..	WF
(vii) Others	..	O

Under this column, all lands classified as wet and garden lands by the Survey and Settlement Department are included. In South Kanara District, however, the extent of wet lands (which are classified into class I, class II and class III) only are shown under column 12 and the garden lands are shown under column 13 along with "other dry". All the three classes of wet lands in South Kanara District yield one crop of paddy ; class II land yields an additional crop and class I yields two additional crops both of which are generally paddy. For all the three classes of wet land, rain is generally the source of water supply.

In Coorg District the rainfed wet lands have been included under column 13 along with the area under plantation crops, such as, coffee, cardamom, orange, etc., So also in the Districts of Shimoga, Chikmagalur and North Kanara rainfed wet lands yielding paddy are shown under column 13.

COLUMN 13 : UN-IRRIGATED :—The extent of un-irrigated but cultivated lands including current fallows if any, has been furnished under this column.

This column also includes data on the special categories referred to in the note on column 12 above.

COLUMN 14 : CULTIVABLE WASTE :—The area noted under this column includes lands fit for cultivation but not cultivated for more than five years in succession. Such lands which are not put to any use, may be either fallow or covered with shrubs and jungle. They may be assessed or unassessed and may lie in isolated blocks or within cultivated holdings. Lands under thatching grasses, bamboo bushes and other groves for fuel, etc., which are not already included under orchards or forests, have also been included here. All grazing lands whether they are permanent pastures or not, are also included under this column.

A little clarification would be necessary regarding lands considered 'Cultivable waste'. In certain Districts of the State *Gomala* or *Gairana* (pastures) are set apart in each village for purposes of grazing the village cattle and generally these are considered as 'not available for cultivation'. However, when applications for assignment of lands are received, the revenue authorities, work out whether any lands out of the existing pastures can be considered as in excess of requirement in relation to the number of livestock and whether such lands can be granted for cultivation. Thus the availability or otherwise of any portion of village pastures varies from year to year.

Further, the area noted under this column may not always be available for cultivation as quite often such areas are found to be either already under occupation, authorised or un-authorised, and even authorised lands might not have been entered as being 'cultivated' in the village records in a few cases. Some portions of pastures

may also be actually un-cultivable being hillocks and barren fields. The area furnished under this column is, therefore, only approximate.

COLUMN 15 : AREA NOT AVAILABLE FOR CULTIVATION :—The area noted under this column includes the land not available for cultivation such as barren and uncultivable lands and also lands put to non-agricultural uses. Land put to non-agricultural use includes all lands occupied by buildings, roads and railways area under water, *e.g.*, rivers, canals, and tanks and land put to uses other than agricultural.

Barren and un-cultivable land covers hills, mountains, etc., and lands which cannot be brought under cultivation unless at a high cost.

COLUMN 16 : NEAREST TOWN AND DISTANCE :—Name of the nearest census town, irrespective of whether it is located in the same district or not has been noted.

COLUMN 17 : MARKETS HELD IN THE VILLAGE :—The days on which weekly markets are held are indicated here.

COLUMN 18 : REMARKS :—Particulars of religious, historical or archaeological importance besides interesting information if any, regarding a village as available from published material has been briefly given in Appendix No. II. III. The reference to this Appendix has been indicated by numbers in such cases in this column.

General ; (i) For each Taluk, Appendix I furnishes the villages arranged in an alphabetical order to facilitate cross reference.

(ii) Appendix II gives talukwise abstract of educational, medical and other amenities in respect of only the rural areas.

(iii) In a few cases, villages have been classified as Census Towns because they happen to satisfy the livelihood test or other characteristics which were applied for determination of urban areas. In such cases, for information the land use statistics are furnished in a separate Appendix for the District as a whole.

APPENDIX III

APPENDIX—III

Brief Note on places of Religious Historical or Archaeological Importance

ANEKAL TALUK

(1) VANAKANAHALLI.—In the Tamil inscription of the place, the village is named *Vanakkarpattanam*. Three old Tamil epigraphs are to be seen here. One of them refers to a boar-hunt and the slab on which it is cut has at the top a boar which is attacked by two dogs.

(2) JIGANI.—The Varadaraja temple of this village appears to be an old structure. The local chiefs of this place have been referred to as subordinates of the Hoysala kings in an inscription dated 1302 A.D. and of the Vijayanagar kings in 1622 AD in another inscription.

(3) HARAGADDE.—The Channakeshava temple at this place known as *Paran Galani* in Tamil epigraphs is a fairly large building in the Dravidian style. The image of the god is 5' high. The Kannada poet Lakshma (first half of 18th century), the author of a *Bharata Rukmangadacharitha* and other works was a native of this village. Though illiterate, he acquired poetical skill by the grace of this god. In his works, which are all dedicated to Channakeshava, the village is named *Khagapuri*.

(4) BANNERGHATTA.—Place of religious and cultural importance. The hill 3271 feet MSL, is regarded as sacred and on annual car festival in honour of Sampangi Ramaswami is held for three days from *Phalguna Bahulashrasti* (February-March). The outer walls of the Sanctum Sanctorum of Sri Champakadhamaswami temple are full of inscriptions, some of which are in Tamil and belong to 13th century A.D. The *Dhvajastamba* near the Anjaneya temple is a lofty one and has three inscriptions at its base. About a mile to the rear of the temple, is a *Ravana Kota* (sone mazi) which is a popular resort.

(5) HUSKUR.—An annual festival is held here in honour of Madduramma during *Phalguna Bahula* (February-March). A cattle fair is also organised on this occasion.

BANGALORE NORTH TALUK

(1) MANGANAHALLI.—An epigraph engraved partly in Devanagari and partly in Kannada is to be seen here. It appears to be dated 1077 A.D. and seems to

record the grant of the village of Ramasamudra by Shivaji.

(2) NAGASANDRA.—The stone containing the inscription Bangalore 34, dated 1342 AD in the reign of Hoysala Ballala III has a gateway sculptured at the top and the figure of a man with two heads. It is the only one of its kind in the State.

(3) HESARAGHATTA.—The idol Lakshminarasimha at one of the temples here, is said to have been worshipped by the sage Durvasa. The *dvarapalakas* at the *nava-ranga* entrance have one leg put over the other as in some South Indian temples where worship is conducted according to the *Vaikhyanasagama*. The front portion of the temple is said to have been built by the Vijayanagar king Achutaraya (16th century A.D.) An inscription dated 1533 A.D. identifies Siva Samudra *Agrahara* with Hesaraghatta and states that a big tank was formed there in the Arkavathi river. The place is also known for its cattle breeding farm and the big lake which attracts tourists.

(4) IVARAKANDAPURA (Aigandapura). Place of antiquity contains records of Chola kings (11th century A.D.). The popular name of the village is a corrupted form of *Aivaru Kondapura*, i.e., the town seen are founded by the five (Pandavas). There are *five lingas* in the village named after four of the Pandava brothers (excluding Arjuna) and their mother Kunthi, who are believed to have set them up. The *linga* set up by Arjuna is said to be at Totagere about five miles to the west of this village. The Dharmeswara temple is comparatively large and its sanctum sanctorum is surmounted by a stepped stone tower of the Pallava style, the bottom tier of which covers the whole cell. An epigraph discovered on the Pedestal of the *lingas* consisting of two verses states that the pedestal was set up a Madanarya, a (linga consist) dependent of Vamana (11th century). Gopalakrishna temple of this village is also of antiquity and on its basement is found an inscription dated 1033 A.D. The *Puranic* account of Aigandapura is said to form a section of three chapters of the *Nandi Mahatmya*.

(5) KODIGE THIRUMALAPURA.—From an epigraph at the village it is learnt that in 1172 A.D. the village was

granted as *Kodige* to Hajee Saheed, for having built a tank; and it is said that this tank is none other than the Hesaraghatta tank. In the *Ashurkhana* are kept three fine metallic *panjas* (objects of reverence for Muslims) with inscriptions in persian characters. It is said that these were once in Tipu's palace and that they were brought here after the fall of Srirangapatna.

BANGALORE SOUTH TALUK

(1) **BEGUR.**—Place of historical importance. An elaborately sculptured stone from here, now in Bangalore Museum, is a memorial to the local chief, Nagaratta, who in about 920 A.D. fell in the war between the Ganga king Ereyappa and the Nolamba king Bira Mahendra, while attacking the elephants in the army of Nolamba prince Ayyapadeva. The Nagesvara temple is an old temple in the Dravidian style. At the side of the *Nava-ranga* entrance stand two female images instead of the usual *dvara palaka*. An old inscription is to be seen on the floor of the veranda in front of Kamatheswara shrine in Nagesvara temple, together with two fragmentary ones in Tamil on the front base. The former which is ascribed to about 900 A.D. is of great interest as it mentions Bengaluru, thus testifying to the antiquity of Bangalore (According to one legend Bangalore derived its name during the period of Hoysala Vira Ballala who reigned from 1172 to 1219 A.D.). There are several old Jaina epitaphs and this place seems to have once been an important Jaina settlement.

(2) **VASANTHAPURA.**—There is a large temple enshrining a 5' tall idol of Vasanthavallabharayaswamy flanked by consorts. A cell in the front hall contains figures of Vishvaksetna and ten Alvars (Tamil saints). According to *stalapurana* the god was worshipped by the sage Mandayya. There are eight *Thirthas* (sacred ponds) around the place. The temple is a great favourite for wedding parties from Bangalore.

(3) **AGARA.**—The village contains large tanks, which, inscriptions show, were in existence in the 8th century A.D. This place is said to be the birth-place of Timmakavi, the author of *Ananda Ramanaya* (first half of the 18th century A.D.). In the 9th century the place appears to have been under the rule of the Chief Nagaratta, a subordinate of Ganga king Satyavakya Permadi.

(4) **KENGERI.**—It was, till 1873, the head quarters of a Taluk of the same name, Kengeri or Tengeri, "southern street" or locality appears to have been of greater extent and importance in the past. It is said to have been destroyed by Tipu Sultan to prevent its giving shelter to the army of lord Cornwallis. There is an *ashrama*

(monastery) a *Vidya peetha* (run by Adult Education Council) and a studio in the village. About a mile to the east of Kengeri there is an Ayurvedic research centre.

(5) **WHITEFIELD.**—This is a settlement named after D.S. White, the founder of the original Association in Madras. Though established by the Anglo-Indian Association of Mysore and Coorg in 1884, the settlers later formed an independent Association of their own and agitated for independent recognition. In 1921, the then Government passed orders directing the resumption of the village site and the unassessed lands in the hands of the Anglo Indian Association. The Anglo Indian character of the village is even now discernible. Recently a large glass factory has been established near the village. There is a school for the blind run by Missionaries.

(6) **BELLANDUR.**—A few cromelechs were discovered near this village. These cromolechs are peculiar in that they differ from the usual specimens, in not having a circle of rough boulders around them and in not having gigantic slabs for the top, sides and bottom. Instead, they have a circle of rough slabs of various sizes standing in a slanting position buried nearly up to the top. The pieces of pottery found in the cromelechs excavated here appeared to be very old. Some were black, some red, and some a mixture of both colours, the black ones being polished and heavy.

CHANNAPATNA TALUK

(1) **HONGANOOR.**—During the reign of the Ganga Dynasty (7th century A.D.) this was a chief town for the *Chikka Gangavadi* province. Later, it was the residence of Hoysala governor.

(2) **KUDLUR.**—Situated on the left bank of Kanva river, this was an *agrhara* called *Rajaraja Chaturvedimangala* during the reign of the Cholas. Haidar Ali gave it as an *inam* to a *fakir* (Muslim saint).

(3) **IGGALUR.**—A Socio-economic-survey was conducted in this village as part of the 1961 census.

(4) **MALUR PATNA.**—There are several ruined temple in the place and a number of Chola inscriptions. The temple of Aprameyasvami is supposed to have been built on sand without foundation. It is said that sage Vijnaneshvara composed here the *Mitakshara*, his celebrated commentary on the code called the *Yajnavalkya smriti*.

(5) **MANKUNDA.**—Place of antiquity which is supposed to have been established in *Krita Yuga* (first age) by Vijayapala of Somavamsha (Lunar line). During

the early 7th century A.D. Bhuvikrama and Sivarama, the sovereigns of the Ganga dynasty made it their royal residence. Traces of the Chola conquest of the region are found in the vicinity of this village and during their supremacy the Cholas had renamed it as Nikarili Chola-pura. The Varadaraja, the Chaudesvari, and the Durga paramesvari temples contain several inscriptions including a few in Tamil script. The idol of Narayana was set up in 1007 A.D. during the reign of the Chola king Rajaraja.

DEVANAHALLI TALUK

(1) AVATI.—This village happens to be the original settlement of the seven farmers who later acquired fame and prosperity as Avati Nad prabhush. It is related that about the end of the 14th century A.D. a party of seven farmers and their families halted at the foot of a hill named *Ramasvami betta*. Having arrived there in carts they were called *Bandikapulu* or cart *raiya*s and later on came to be known as *Morasu wokkalu*. The leader of the band was Rana Baire Gowda, who had been forced to flee from Alur near Conjeevaram in order to preserve his daughter from mesalliance with a powerful suitor of lower caste. The fugitives, escaping along the banks of the palar, were at one point in imminent danger of falling into the hands of the pursuers, when, the girl invoking the aid of Ganga cast her ear-ring into the water as an offering and the river miraculously divided allowing her whole party to cross, and then interposed its swollen currents to battle the pursuers. On the night of their encampment at the foot of the Ramasvamibetta, Ranabaire Gowda was directed in a dream to settle in that neighbourhood. They accordingly built some huts and formed the village, Ahuti (now Avati) north of Devanahalli. The six others separated after a short period and three of them established themselves as rulers of different tracts. Their immediate descendants became founders of several chiefdoms in the eastern Mysore. Kempe Gowda, the founder of Bangalore, hails from that branch of Avati Nad Prabhus which settled at Yalahanka.

The Channakeshava idol here; is said to have been found by the Prabhus in the midst of *seven Koppa-riges* (cauldrons) of treasure which they were fortunate enough to unearth. The Avati hill was at one time fortified and was also the site of royal residence. A sloping rock at the feet of the hill on the west, which has a small hole with some water in it is called Kannikalamma's rock and is worshipped on occasions of drought. It is only virgins and boys that are allowed to worship this deity. The hill to the west is called Kolugudda and in the valley between Avati and this hill there are several cromelechs, each situated within a circle of rough stones,

the top slab being one foot thick and nine or ten feet square. It appears that some of these were opened during Arthur coles time (Resident of Mysore 1809-27) and the contents consisting of pots, iron, sandals, spears and huge bones removed to Bangalore. The ash pits and cromelechs bear testimony to the great antiquity of the place.

(2) GANGAVARA CHOWDAPPANAHALLI.—The inscriptions and remains at this place show that it was at place of some importance in the eighth century under the Gangas and subsequently under the Cholas. The Someswara temple has some picturesque fluted pillars with a seated lion for the pedestal.

(3) NALLUR.—This is said to have been once ruled by a powerful line of kings. During the reign of Chauda Raya the city was captured after maintaining on obstinate defence for three years, during which the enemy was forced to raise the siege twice. Its fall was due to an act of treachery on the part of the king's daughter who had been married to the chief of Gubbi and had accompanied her husband to the war. Chauda Raya is said to have blown up his palace, containing his family and treasure while the enemy were scaling the walls of the fort.

(4) KUNDANA.—This village seems to have been the Kundani which was the royal residence of the Hoysala king Ramanatha in the 13th century A.D.

(5) JALIGE.—The Rama temple has a seated figure of Rama about two feet and six inches high. To the right of Rama is a standing figure of Lakshmana and to the left a seated figure of Siva with folded hands. The god is said to have been set up by king Janamejaya. In a cell to the left stands an inscribed stone recording a grant to Chamundeswari by Krishnaraja Wodeyar II of Mysore. This stone is itself being worshipped as the goddess Chamundeswari and is smeared with oil and bedaubed with vermillion.

(6) ARADESHAHALLY.—The village contains some old stone inscriptions, one of Akalavarsha the Rashtrakuta king and two relating to the Punnad kings.

(7) MANGONDAHALLY.—A few cromelechs were excavated here by the Archaeological Department during 1916-17 and were found to contain pots of different sizes and howls.

DODDABALLAPURA TALUK

(1) MELINAJUGANAHALLY.—In one of the Hamlets of this village is found the temple of Ghati Sri Subra-

manyaswamy. An annual festival is held here in honour of Ghati Subramanyaswamy during December. The event attracts a large number of devotees. On this occasion big cattle fair of 10 day duration is also organised.

HOSKOTE TALUK

(1) DASARAHALLI.—Near the Channarayana temple at this place stands a fine four pillared open *mantapa* surmounted by a sculptured pavilion resembling a small *gopura* with entrances in the four directions. The entrances are flanked by *Dvarapalakas*, the sculpture above them being of Vishnu on the east Venugopala on the south, Venugopala with his consorts on the west and a standing male figure with folded hands on the north representing perhaps the donor of the *mantapa*. The *mantapa* is locally known as *Uttala Kamba*.

(2) HASIGALA.—Somesvara temple is of Chola period (11th century A.D.) and contains a number of beautiful sculptures some of which are rather peculiar. For instance there is the peacock with the head of a cobra and facing it a cobra with the head of a peacock.

(3) NANDAGUDI.—This place is believed to represent the site of an ancient city. It is said to have been the capital of Uttunga Bhujja, whose nephews the Nanda princes, being imprisoned by him, obtained their release and seized the kingdom. It is also suggested that the present name of the village (which is different from those used in epigraphs) has been responsible for the currency of the above story. In the Kannada and Tamil epigraphs, it is named Nandagudi or Nanjuguli and Nondaguli respectively.

(4) HINDIGNAL.—The Rama temple is a *trikutachala*, i.e., has three cells; the main cell facing north has Keshava, the east cell has Hanuman and the west cell has Rama, Lakshmana and Sita. In a grove to the north of the village is a *mastikal* carved with figures of a warrior and his two wives. The warrior is represented as bearing a quiver on the back and shooting arrows. One of the wives has a flask in her left hand, the other hand being placed across the body while the other (wife) holds a lotus with stalk in the right hand.

(5) BANAHALLI.—A ruined temple at this place has, besides *saptamatikas* and Ganapathi, a seated figure of Dakshina murthy (with four hands, the upper one holding a drum and a trident and the lower a Vina or Lute.) There is also a curious two armed seated figure holding what look like a noose and a whip, with two horses on the pedestal, one with a saddle and the other

without it. An old Nolamba inscription is also seen near the village.

(6) KONDHAHALLI.—An old Tamil epigraph is to be seen in a field to the east of the village. The Dharmesvara temple is a small but neat Dravidian structure, perhaps of the Chola period. There is also an inscription of the Chola king Rajamahendra of about 1065 A.D. According to tradition the *Isvara linga* here was set up by the Pandava prince Dharmaraya. There are several interesting sculptures on pillars depicting stories from the epics.

(7) CHIKKATAGGALI.—A *mastikal* sculptured with a warrior and his two wives, both standing to his left is found here. The warrior bears a sword in the righthand and a dagger in the left while both his wives hold a flask in the right hand a lotus in the left.

(8) KHAJIHOSAHALLI.—A fine inscription of about the 7th century A.D. referring to the rule of a chief named Binayaditya was discovered in this village. The village has a Lingayat *matha* containing the *Gddigea* or tomb of Nijaguna Sujnanamurthy who was the preceptor of the Sugatur chief Tammegowda. A copper plate inscription dated 1494 A.D. recording the grant of a village to his preceptor by Tammegowda is in the possession of the priest of this *matha*.

(9) VAGATA.—This appears to have been a place of considerable importance at one time. It is named Ovattam and Varadaraja chaturvedi mangalam in Tamil and Ogatta and Bhagirathipura in the Kannada inscriptions of the place. In later literature it is known as Yogavatapuri or Yogapuri. The Varadaraja temple is an old Dravidian structure. The semicircular top place of the *thoranagamba* or gate in front of Chaudesvari temple has an inscription dated 1020 A.D. of Rajendra chola.

(10) HOSAHALLI.—There are two *mastikals* in the village. One of them shows a couple, the husband holding a sword and a dagger in his uplifted hands and the wife bearing a flask in the right hand and what looks like a mirror in the left. The other shows on the lower panel two warriors armed with daggers fighting with each other and on the other upper panel a couple with folded hands in front of a figure of Vishnu.

KANAKAPURA TALUK

(1) HOSADURGA.—On a hill near this village is found a temple of Rama. The idol here has four arms. An annual festival is held during April.

(2) **BASAVAPATNA—VEERASANDRA.**—In a grove near this place, is a shrine or Balabasavappa with another shrine dedicated to Huchabasavappa. Both these were lingayat preceptors. About a mile to the south of this village is a boulder called *Kuduregundu* which bears an inscription. Another boulder close to it is called *Anegundu*. It is said that Basavapatna was once a great city, the capital of a king whose elephants and horses were tied near these boulders.

(3) **CHILANDAVADI FOREST.**—In this vast expanse of forest at the confluence of the rivers Arkavathi and Cauveri popularly known as the Sagam there is a temple dedicated to Sangameshwara. The temple is said to belong to the Chola period (11th century A.D.).

(4) **MARALEBEKUPPE.**—The village has the Ganga-dhreshwara matha under the auspices of which a high school is being run.

(5) **MUGGUR FOREST.**—The famous picnic spot *Mekedat* or the Goat's leap, where the river Cauvery flows in a narrow but deep course for some distance. This spot is about five kilometers from Sangam and can be reached without much difficulty.

(6) **HELIGEHALLY.**—An annual fair and festival is held here in honour of Basaveswara and Thyamadalamma during April.

(7) **KABBAL.**—Kabbaldurga here is a fortified conical hill rising 3507 feet MSL. It is accessible on only one side and even there the ascent is laborious. A *palegar* named Gothek Raja is said to have built the fort. It was formerly being used as penal settlement and, as the bad nature of water here renders the hill pestilential troublesome, State prisoners were being generally sent there. It is here that Chamaraja king of Mysore was sent to end his days by Dalavayi Devaraja (1734 A.D.). Haidar ali who repaired the fort renamed it as Jafarabad. The fort is now in ruins.

MAGADI TALUK

(1) **KALYA.**—It is a holy place for the Jains and the Lingayats. In inscriptions and library works the village is referred to as Kalleha. The ruins of a Jain temple are printed out in the village and an institution at the place records a compact made in A.D. 1368. Two short epigraphs are to be seen near a boulder in the village known as *Adugal Bande*. On a small hill to the west of the village are situated a lingayat *matha* and the *Kallesvara* temple. There is also the tomb of Palkurke Somesvara a Veerasaiva teacher and author who flourished during the 12th century A.D. and died at this village. A worn out inscription in characters of

the 8th century and another of a later period are also found here.

(2) **KEMPASAGARA.**—The Lingayat *matha* here is a fine building with sculptured pillars and doorways. On one of the pillars of the *Navaranga*, a *linga* is represented as issuing out of a pot. This is known as *Sura-bhandesvara*. One of the pillars of the front verandah has a figure, about eighteen inches tall, of Kempe Gowda who is said to have built this *matha*.

(3) **SAVANDURGA.**—The hill is familiarly called *Magadi hill* and lies about 12 Kms. south east of the town. It is an enormous mass of granite rising to 4,024 feet MSL. and standing on a base, eight miles in circumference. The summit consists of two peaks separated by a chasm. The hill appears to have been first fortified in 1543 A.D. by Samanta Raya, the officer appointed to the charge of Magadi district by Achuta Raya the king of Vijayanagar, Samantha Raya made himself an independent ruler. He was succeeded by Sampaja Raya, his son and Chikka Raya, his grandson. On the death of Chikkaraya, the *talari* (watchman) of Gudemaranahalli seized the place and began to plunder. But Immadi Kempe Gowda of Bangalore put him to death and annexed Samantha Durga changing its name to Savandurga. His descendants held it till 1728 A.D. when Deva Raya Dalavai of Mysore captured the fort and carried Mummadi Kempe Gowda, the chief, as prisoner to Srirangapatna. The Savandurga fort was captured by the British in 1791 A.D.

(4) **KORAMANGALA.**—There are numerous Pandavara *Guli* (cromelechs) with gigantic slabs for the roof situated within circles of rough boulders near this village.

(5) **HULIKAL.**—The village is said to have been founded by a Hoysala king in 1310 A.D. under the following circumstances. An ascetic who had gained the favour of the king lived at the foot of a nearby hill called Ramaling Betta. On a certain day his bullocks which were attacked by a tiger, not only threw off the tiger but also killed it. On learning of this incident the king had the hill fortified and named it Huli-Kollu (Tiger-kill) which has gradually been corrupted into Hulikal (Tiger-rock). The fort subsequently came into the possession of Baiche Gowda of Koratagere. This place contains a number of ruined temples, *mantapas* and inscriptions, besides a *virgal* (herostone).

(6) **SUGGANAHALLI.**—Narasimha temple here is in Dravidian style. The image of Garuda (the vehicle of lord Vishnu) in this temple is a great object of worship. There is a fine figure of Chakrattalvar (the discus of Vishnu) with sixteen hands. Annual car festival takes place about the full moon day of *Phalguna* (February—March) and a cattle fair is also held.

(7) SANKIGHATTA.—Though the Vardhamana *basti* is an old structure nothing is known about its origin. Basti dedicated Vardhamana, the last Tirthankara, is not very common. An inscription at the back of the image is in 12th century characters and gives the geneology of Hoysala kings. Archaeologists have been of the view that this image has been carved out of a big inscription stone with a few remnants of the epigraph left on the uncarved portions of the back. This image is five feet high with *Prabhavali* (halo).

(8) MAYASANDRA.—A *virgal* (herostone) of large size is found in this village. The sculpture consists of two panels the upper having the figure of a man riding a horse with an umbrella bearer behind and a servant in front, and the lower having five female figures standing in a row.

NELAMANGALA TALUK

(1) BINNAMANGALA.—Mukhtatesvara temple is a small ornate structure in the Dravidian style. A Tamil inscription here records a grant for this temple in 1110 A.D. during the reign of Kulottunga Chola I. The name of this image has been mentioned in an inscription of 1038 A.D. of Rajendra Chola. The temple is of interest as affording examples of Mysore Architecture and sculpture of the eleventh century.

(2) MAKALI.—The Bhimesvara temple is situated on the bank of the Arkavathi river. The god is said to have been set up by the Pandava prince Bhima. On a rock in the bed of the river is a large foot print which is supposed to represent Bhima's left foot. Bhima's right foot print is said to be somewhere near Kanakapura and his knee, on a hill known as Barjibetta in Nelamangala Taluk.

(3) MANNE.—Under the name of Manyapura, it was the royal residence of the Ganga kings in the eighth century A.D. But in the eleventh century it was destroyed by the Cholas and in their inscriptions the place is referred to as Mannaikatakam. Several ruined temples attest to its one time magnificence and its extent is shown by the tradition that the city included Chikhejaji and Belavangala eight miles more to the east. It was also the seat of administration of the Rashtrakuta viceroys. Amongst the ruins there are pieces of sculptures which are of some architectural importance. To cite an example, ceilings of the *navaranga* and *nandimantapa* show a creeper device with a *naga* and *nagini* in the middle canopied by snake hoods. Such ceilings are rarely met with in Mysore temples. The sanctum sanctorum of Somesvara and Kapilesvara temples are built of bricks and appear to belong to the Ganga period (9th century A.D.). The site of the old city is now covered with fields and no mounds are to be seen.

(4) SIVAGANGA.—This is sacred hill whose conical peak rises to a height of 4,559 feet AMSL. On the east

its outline is supposed to resemble a bull; on the west Ganesha; on the north a serpent and on the south a linga. The place is known as *Dakshina kasi* (Benares of the south) and ascent to its top is vicariously as meritorious as a pilgrimage to Banares. The *puranas* give it the name *Kakudgiri*. It is also of some historical importance and it was here that Santala Devi, the first queen of Vishnu Vardana of the Hoysala dynasty, died in A.D. 1131. There are several inscriptions and pieces of sculpture which are of interest from historical, archaeological and artistic points of view. There are as many as eight *thirthas* or holy springs, one of which, contained in a deep and extremely narrow cleft of the rock is called *Patala gange* or Ganges of the northern regions supposed to have been caused by Parvati. According to the legend, when on one occasion, her spouse Shiva refused to give her water from the Ganga on his head, Parvati assumed the form of Honnadevi, an incarnation of Kali, and struck the rock with her sword, whereupon water rushed out of the rock. There are temples of Gangadhareswara, Honnadevi and Sharada besides a few monasteries of importance to the Lingayats and also Brahmins of *smartha* sect.

(5) NIJAGAL.—The hill is also called Suragiri and is accessible only on the North and the East. The fort which occupied the summit formerly owed its strength more to nature than to art and was the scene of many desperate encounters. On its slope is a temple of Virabhadra and a *Lingayat matha*. There are several springs in the hill of which *Siddhara done* and a tomb close by is worshipped by the Muslims. The Hindus too go there but offer worship through a Muslim Fakir. The hill is called *Rasa Siddhar betta* because according to tradition, the Siddhas or the sages prepared *rasa* (the liquid) which transmutes base metals into gold. There are two inscriptions also one below the figure of Ganapathi and the other to the right of the cave in which the Siva's temple is located.

(6) HEGGUNDA.—On a slope of the hill near this village there are two cave temples one of Virabhadra and the other of Mallikarjuna. An inscription in 10th century A.D. characters are seen in the Mallikarjuna temple. On the summit of the hill is situated the Rama temple. To a short pillar, near this, it is believed, Rama's sacrificial horse was tied. By the side of this pillar is the seated figure of a goddess with four hands which is said to represent Sita. Two modern inscriptions found on the bells of this shrine give the name of the village as Hayagunda since, Rama's horse was tied here. In a Tamil inscription of Vishnuvardhana's reign the name of the village is given as *Perkunda* (Heggunda is its Kannada form). On another hill closeby named Ramadevara betta, the footprints of Rama (over which a temple is erected) form the object of worship. This is supposed to be the place where Ahalya was delivered from her curse.
